RESEARCH INTEREST

My research seeks to uncover the fundamental principles for modeling relations and interactions in structured data, with a particular focus on tabular foundation models and heterogeneous graphs. By understanding how these structures shape representation learning and generalization, I aim to develop principled and computationally efficient methods for building reliable, robust, and broadly applicable intelligent systems.

WORK EXPERIENCE

NUMS AI — Seoul, South Korea
Founding Research Scientist — Aug. 2026 –
Building a Frontier Tabular Foundation Model

NH Investment & Securities CO., Ltd. — Seoul, South Korea
Data Scientist, Big Data Center — Aug. 2023 – Aug. 2025
Data Analysis and Machine Learning for Decision Making

KB Kookmin Card Co., Ltd. — Seoul, South Korea
Data Scientist, Data Service Team — Oct. 2022 – Jul. 2023
Data Analysis and Machine Learning for Decision Making

EDUCATION

Seoul National University (SNU) — Seoul, South Korea
Ph.D in Computer Science and Engineering — Mar. 2026 –
Advisor: Prof. Jaemin Yoo

Korea Advanced Institute of Science and Technology (KAIST) — Daejeon, South Korea
Ph.D in Electrical and Electronics Engineering — Sep. 2025 – Feb. 2026
Advisor: Prof. Jaemin Yoo

Sungkyunkwan University (SKKU) — Seoul, South Korea
M.S in Applied Artificial Intelligence — Mar. 2023 – Aug. 2024
Advisor: Prof. Eunil Park
GPA: 4.28/4.50

Sungkyunkwan University (SKKU) — Seoul, South Korea
B.S. in Statistics — Mar. 2017 – Feb. 2023
GPA 4.39/4.50
Summa Cum Laude

AWARDS & HONORS

2026 AI Seoul Tech Research Scholarship Jun. 2026
40M KRW

Daishin Investment & Securities AI with ESG Contest Aug. 2022
2nd Place

NH Investment & Securities Big Data Contest Nov. 2021
1st Place

KOPIS Big Data Contest, 1st Place Sep. 2021
1st Place

Sungkyunkwan Academic Excellence Scholarship 2019 – 2022
Full Tuition

TEACHING

Teaching Assistant

- SNU M1522.001400 : Introduction to Data Mining — Spring 2026
- KAIST EE412 : Introduction to Big Data Analysis — Fall 2025
- SKKU AAI2021 : Computational Thinking, Programming, and Applications — Spring 2023
- SKKU CHS7003-I1 : Artificial Intelligence Applications — Fall 2021, Spring 2022

TALKS

Samsung AI Young Leader Data Seminar Virtual
LLM KV Cache Eviction & Tabular Foundation Models on Stream Learning Jul. 2026
